

Hello beloved friends and brothers, after a long time I will greet you and tell you what is happening with our lives. Thank you for taking the time to read our news letter Yola and I continue with the same passion for God and the things of God. It has not been easy, but with God on our side we have seen mountains moving, we get sick, we are discouraged, we face many challenges, BUT in all this we see the hand of God. We thank you with all my heart for all the appreciation you have for us and the support you have been giving us, either economically or with your prayers.

We want to tell you that this is the church number 33 that has been built since our trajectory of 14 years of ministry, which was built by the Marañon River, the people of the community feel very blessed to have a church where they will carry out all the ministerial activities. This church was built in the month of February 2020, it was built in four days with the help of the brothers of the community. After the construction, we dedicate it to GOD and give it to the leaders and the community.

As you can see in the photo here I am with two people from the community working on the electric fluid of the church and finishing everything so they can use it with no problem.

This is the missionary boat where we transport ourselves to different places to do missions, which has not only served as transportation but also as the kitchen and sometimes we sleep in it, we want to share our need for the boat which is named MAYRA this boat requires maintenance, so now we have not been able to provide it with the proper maintenance since we do not have the finances need it , we need a new engine since the engine has been in use for 12 years and it is already failing and we need an engine to continue in the work, without this boat it is impossible to continue moving from one place to another.

We have some reasons for prayer:

1. That GOD is giving us strength and strength to continue in the work.
2. For health because most of the time we are exposed to get a virus.
3. For the family since our oldest daughter is about to give birth and we will be grandparents for the third time.
4. For our finances, not only for ministry finances but also for our personal finances.

If you want to know more about us, the boat, among other things, contact us by emails julitoy3m@hotmail.com or jsdelaguila77@gmail.com and we will gladly answer you, we wish you to be very blessed in everything you do first of all thank you for your valuable time and for being part of us.

With love Julio and Yola.
