- Parents should administer any medication prior to or immediately after Adventure Week each day if at all possible, rather than sending medications with the child.
- Medication authorization forms must be filled out in order to administer the following: anti-itch creams, antibacterial creams, EpiPens, and emergency allergy medications. We will keep these forms on file for the entire week.
- The nurse will notify the parent of any adverse reaction to any medication given.
- All medications must be picked up no later than 8:30 pm on Wednesday, June 16.
