Ecclesiastes 5:13–14

1. What are you hoarding?
2. What have you prioritized over your relationship with Jesus Christ?
3. Where do you need to trust Him more?
4. If you've seen Him working in your life, are you letting the world know what He's doing?

LIVE IT

Years ago, a man felt like God was saying to him, *You trust your money more than who I am in your life.* It seems terrible at first, but God took his money away and started the man on a new journey. Even to his surprise, the man experienced a blessing! He understood that God took his money away because it was causing him harm. He was heading down a road of self-reliance, not reliance on God.

Over the years, the man grew in his relationship with God and learned to love God and trust Him. Trust was missing from their relationship all along. God didn't want him to only BELIEVE IN HIM, He wanted the man to BELIEVE HIM.

LEAN ON GOD

Lord,

You have given me everything I need. You have given me Christ. I can chase a dream to make myself rich, or I can see that I'm already rich because You are in my life. What more do I need? Thank You for being patient with me. I love You, I trust You, and I need Your truth.

In Jesus Name,

Amen
